

# WINFIELD BROOKS COMPANY, INC.

## WOBURN, MASSACHUSETTS

### PRODUCT INFORMATION SHEET:

*Janitorial/Maintenance*

**SKY-RITE Whisper Clean IS SAFE FOR CLEANING SAFETY GLASS!**

### GENERAL CLEANING:

**Whisper Clean** is a fast acting Cleaner/Polisher designed for the fast and effective cleaning of Glass, Formica, Brass, Enamel, Lexan, Chrome, Stainless Steel and more! Unlike regular window cleaners made of detergents, water and food coloring, **Whisper Clean's** unique "Plate Out" formulation removes organic residues without streaking and leaves a mirror-like, polished finish!

#### WINDOWS/GLASS:

**Hand Cleaning:** Spray **Whisper Clean** over surface to be cleaned (do not "spot" spray) and wipe briskly with a soft, clean cloth or paper towel.

**Squeegee:** Spray **Whisper Clean** over the entire area to be cleaned and "squeegee" as usual. Upon drying, the cleaned surface will be free of soils and streaks.

**Delicate Glass/Lens Instruments:** Spray **Whisper Clean** onto a clean cloth and apply directly to the surface to be cleaned (Note: Refer to equipment specifications to avoid damaging glass/lens surfaces).

#### BATHROOMS:

Use **Whisper Clean** to clean and polish mirrors, faucets, porcelain and stainless steel sinks, Formica and other hard counter surfaces, toilet seats and bowls, chrome plumbing, ceramic tiles and baked enamel stalls. Spray **Whisper Clean** directly to the soiled surface and wipe clean with a clean cloth or paper towel. All surfaces will be free of soils and have a mirror-like, polished appearance! To remove stubborn residues, use **SKY-RITE 3-30 Cleaner**.

#### KITCHENS:

**Appliances:** Spray **Whisper Clean** over the entire surface (make sure all food is removed from area) and wipe briskly with a clean cloth or paper towel. Excellent for removing residues on refrigerators, microwave ovens, stove tops, and conveyor tables, etc..

**Food Contact Surfaces:** Remove unprotected food from immediate area. Spray **Whisper Clean** over the entire surface (do not spot spray) and wipe briskly with a paper towel. All food residues will soften and be absorbed into the paper towel leaving the surface clean and shining!

**Porcelain and Stainless Steel Sinks:** **Whisper Clean** is extremely effective in removing soap residues from porcelain and stainless steel sinks. Sinks will shine!

#### WALLS AND OTHER SURFACES:

Use **Whisper Clean** to remove residues from tile walls, fiberglass fixtures, Formica, etc. After drying, these surfaces will have a polished appearance.

**Brass Railings:** If Brass Railing(s) have been neglected, initially clean surface with brass polisher. Thereafter, spray the entire surface with **Whisper Clean** and wipe clean with a paper towel or soft, clean cloth. **Whisper Clean** quickly dissolves fingerprint oils and other soils and leaves the brass with a mirror-like finish!

*Available in the following sizes: Gallons & 55 Gallon Drums*

*Form No.SR99C*
